

LINE HOSE

HOTSTICK INSTALLATION

SUPPLIES

- Line hose, LH-038-3M, featured here
- Hotstickable line hose tool, LHT-038, featured here (not included)
- 2 hotsticks (not included)

INSTRUCTIONS

Insert the line hose over and through the arrow side of the line hose attachment tool. Hook and lock the attachment tool on the hotstick.

Place the line hose over the line and position it in place by locking the second hotstick directly onto the line hose.

Slide the line hose attachment tool down the line, while holding the one end of the line hose in place with the locked hotstick. The overlapping slit in the line hose will wrap around the line.

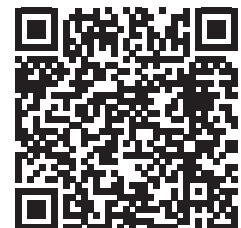

Release both hotsticks from the line hose.
