

WILDLIFE BLOCKING SHIELD

ISOLATING BARRIER DETERS ANIMAL CONTACT WITH ENERGIZED EQUIPMENT

Deters animal caused outages

Provides a boundary around bushings and insulators, forcing animals to move around the blockade

Available in 16" or 20" diameter discs

Inner tabs are marked to allow linemen to easily trim for a secure fit on any size bushing or insulator from 1.75" - 6"

Quick installation, hotstick friendly

UL 94 v-0 flame retardant and UV stabilized polymer

Appropriate for all distribution systems and can address high voltage bushings and adjacent arrestor bushings

Built to sustain extreme climate and UV conditions, does not become brittle in freezing temperatures

WBS-16

PRODUCTS

SKU	DIAMETER	THICKNESS	COLOR
WBS-16	16" / 40.6 CM	.5" / 1.3 CM	GRAY
WBS-20	20" / 50.8 CM	.5" / 1.3 CM	GRAY
