

# Hawk Eye™ bird flight diverter

BFD-series

## Hotstick installation

### Supplies

- Hawk Eye™ bird flight diverter, BFD-050 featured here
- Hotstickable attachment tool, BFD-050-075-AT featured here (not included)
- Hotstick, not included

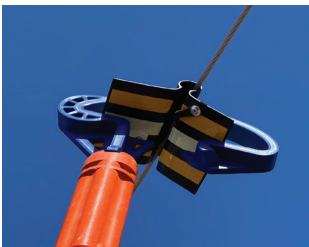

### Instructions

Install the attachment tool on the hotstick. Flex open the bird flight diverter and slide it into the attachment tool.

Position the bird flight diverter over the wire.

Pull the hotstick in a downward motion until the bird flight diverter snaps into place over the wire.

Slide the attachment tool sideways off of the bird flight diverter.
