

Raptor Guard™ pole top cap perching deterrents

RGPT-series

Super strap installation

Supplies

- Raptor Guard™ pole top cap with adapter plates, RGPT-8 featured here
- Super strap banding, buckles and tightening tool (not included)

Instructions

Position the pole top cap on the top of the pole.

Wrap super straps around the adapter plates and tighten by hand.

Use the super strap tightening tool to tighten each strap.

Cut the tails off of each strap.
