

## Crown diameter

Insulator cover caps are determined by the diameter of the insulator crown.

For confirmation of the appropriate size/style, please send us your insulator's technical drawings:  
Sales@powerlinesentry.com

Please note that **Power Line Sentry insulator covers fit both polymer and porcelain insulators.**

Designation	Crown diameter/details ( ± .125in / 3mm )		Insulator cover cap	
	in.	mm.		
C neck insulator	2.25 ± .125	57 ± 3	C/F series	
F neck insulator	2.875 ± .125	73 ± 3	C/F series	
J neck insulator	3.5 ± .125	89 ± 3	J/K series	
K neck insulator	4 ± .125	102 ± 3	J/K series	
N neck insulator	6 ± .125	152 ± 3	N series	
Trunnion insulator	Generally universal fit Contact us with your trunnion model number for confirmation		TR series	
Clamp top insulator	Universal fit		UCT series	
Vise top insulator	Universal fit		UVT series
